EXPERIENCE

Product Designer
Autoscout24
Aug 2024 - Present

Working within a cross-functional growth team focused on acquisition and first-time user experience across web and app. Designing intuitive onboarding flows and discovery experiences that lower barriers for new users entering Europe's largest car marketplace. Balancing growth objectives with high-quality UX across mobile and desktop platforms.

Senior Product Designer
Pepper.com
Feb 2024 - Jul 2024

Delivered end-to-end product design within a full-stack team, crafting user-centric experiences across mobile and desktop for one of the world's largest deal-sharing communities. Contributed across multiple brand touchpoints with a focus on engagement and usability.

Product Designer
Marley Spoon
Aug 2022 - Jan 2024

Worked on UX and UI design and contributed to product strategy within a full-stack team. Responsible for mobile and desktop experiences across Marley Spoon and Dinnerly, translating complex subscription and meal-kit flows into seamless, conversion-friendly journeys.

UX UI Designer
Friendsurance
Jul 2018 - Jul 2022

Designed UX and UI for insurance management web applications in close collaboration with multiple development teams. Key projects included bespoke tools for Deutsche Bank and Volksbank, balancing regulatory requirements with intuitive, user-friendly interfaces.

Visual Designer
HUMANOO
Apr 2016 - Jun 2018

Shaped the visual identity of a health management app and supporting materials — including landing pages, newsletters, presentations, and print collateral. Brought consistency and clarity to the brand across digital and physical touchpoints.

Visual Designer
Tyszkiewicz
